2034 REGIONAL LONG-RANGE TRANSPORTATION PLAN VISION STATEMENT

All residents, visitors, and businesses in Hampton Roads have safe and efficient travel on a sustainable and balanced, multi-modal transportation system.

2034 REGIONAL LONG-RANGE TRANSPORTATION PLAN GOALS ¹

- Enhance public involvement in the development of the region's transportation system.
- Include a regional perspective among the transportation prioritization criteria.
- Develop a long-range transportation plan that is fiscally constrained.
- Support the economic vitality of the region, emphasizing global competitiveness, productivity, and efficiency.
- Increase the safety of the transportation system for motorized and non-motorized users.
- Provide for the security of the region's transportation infrastructure and its users.
- Increase accessibility and mobility of people and goods.
- Protect and enhance the environment, promote energy conservation, improve quality of life, and reduce greenhouse gas emissions.
- Obtain compatibility between transportation improvements and planned land use and economic development patterns.
- Enhance the integration and connectivity of the transportation system, across and between modes, for people and goods.
- Optimize the efficient system management and operation of the regional transportation system.
- Increase the optimization, maintenance and replacement of the existing transportation system.
- Work toward finding dedicated and sustainable revenue sources for transportation.

¹ Order of goals is not an order of importance.
